AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions and listings of claims in the application:

LISTING OF CLAIMS:

1-18. (cancelled).

19. (currently amended): A portable terminal device comprising:

a communication control unit being connected to an internet communication network to feed and receive information;

a browser processing unit to acquire a file being stored in a server over said internet communication network connected through said communication control unit;

a sort key storing unit in which sort keys are stored;

a bookmark storing unit in which a bookmark recording a URL (Uniform Resource Locator) of a server over said internet communication network is stored;

a situation information acquiring unit to acquire situation information showing a state occurring when said browser processing unit has obtained a file through said internet communication network;

a bookmark managing unit to record a URL of a server storing a file that said browser processing unit has obtained through said internet communication network in a bookmark being stored in said bookmark storing unit in such a manner that situation information that said situation information acquiring unit has acquired is annexed to said URL;

a bookmark sorting unit to sort URL s being recorded in a bookmark stored in said bookmark storing unit depending on a use situation; and

a displaying unit to display URLs sorted by said bookmark sorting unit,

wherein the bookmark sorting unit converts into numbers a degree of approximation between the situation information annexed to each of the URLs and a situation information at a present point of time and sorts the URLs in order of having approximation of the situation information with smallest to highest approximation, and

~~The portable terminal device according to Claim 18,~~ wherein if the bookmark sorting unit acquiring at least one sort key comprises acquiring at least two sort keys, a sum of the approximation corresponding to each of the sort key is used as an approximation of the situation information.

20-21. (cancelled)
